Household Selection Procedure

Interviewer: It is your job to select a random (this means any) household. A household is a group of people who presently eat together from the same pot.

Start your walk pattern from the start point that has been randomly chosen by your Field Supervisor. Team members must walk in opposite directions to each other. If A walks towards the sun, B must walk away from the sun; C and D must walk at right angles to A and B.

Use the day code to determine the sampling interval. For example, on the 5th, 14th and 23rd of the month, the day code (and sampling interval) is five. So you choose the fifth dwelling structure on the right. On the 6th, 15th and 24th of the month, the sampling interval is six. So you choose the sixth dwelling structure on the right. And so on.

Interviewer: If a call is unsuccessful, use the table below to record your progress until you make a successful call. Circle a code number for unsuccessful calls only.

Reasons for Unsuccessful Calls	Household 1	Household 2	Household 3	Household 4	Household 5	Household 6	Household 7
Refused to be interviewed	1	1	1	1	1	1	1
Person selected was never at home	2	2	2	2	2	2	2
Household/Premises empty for the survey period	3	3	3	3	3	3	3
Not a citizen/Spoke only a foreign language	4	4	4	4	4	4	4
Deaf/Did not speak a survey language	5	5	5	5	5	5	5
Did not fit gender quota	6	6	6	6	6	6	6
Other (specify) _____	7	7	7	7	7	7	7
Not Applicable	997	997	997	997	997	997	997

*If no-one is at home (i.e. premises empty), substitute with the very **next** household to the right. If the interview is refused, use the day code to select a substitute household (i.e. after a sampling **interval**).*

When you find a household with someone home, please introduce yourself using the following script. You must learn this introduction so that you can say it exactly as it is written below.

Good day. My name is _____. I am from Mass Public Opinion Institute, an independent research organization. I do not represent the government or any political party. We are studying the views of citizens in Zimbabwe about how the country is governed and how the economy is managed. We would like to discuss these issues with a member of your household.

Every person in the country has an equal chance of being included in this study. ALL INFORMATION IS ANONYMOUS AND WILL BE KEPT CONFIDENTIAL. Your household has been chosen by chance. We would like to choose an adult from your household. Would you help us pick one?

Note: The person must give his or her informed consent by answering positively. If participation is refused, walk away from the household use the day code to substitute the household. If consent is secured, proceed as follows.

Respondent Selection Procedure

Interviewer: **Within** the household, it is your job to select a random (this means any) individual. This individual becomes the interview respondent. In addition, you are responsible for alternating interviews between men and women. Circle the correct code number below.

	Male	Female
Previous interview was with a:	1	2
This interview must be with a:	1	2

REFER TO THE SEPARATE SHEET FOR RESPONDENT SELECTION. FOLLOW THE INSTRUCTIONS AND DESTROY THE SHEET ONCE YOU HAVE SELECTED A WILLING RESPONDENT.

If the respondent is not the same person that you first met, repeat the introduction

Good day. My name is _____. I am from Mass Public Opinion Institute, an independent research organization. I do not represent the government or any political party. We are studying the views of citizens in Zimbabwe about how the country is governed and how the economy is managed. We would like to discuss these issues with a member of your household.

To ALL respondents:

Your answers will be CONFIDENTIAL and ANONYMOUS. They will be put together with 1200 other people we are talking to, to get an overall picture. It will be impossible to pick you out from what you say, so please feel free to tell us what you think. This interview will take about 60 minutes. There is no penalty for refusing to participate. Do you wish to proceed? *[Proceed with interview only if answer is positive].*
